

# JUST THE **FACTS**

## ALTALINK

**SCOTT W. THON**  
President and CEO

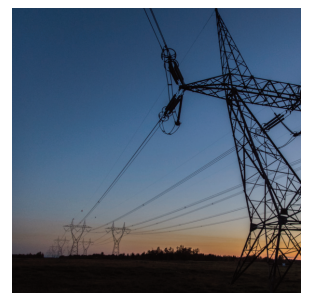

### REGULATED TRANSMISSION

- With 212,000 square kilometers of service area, AltaLink is the largest regulated transmission company in Alberta, Canada.
- AltaLink owns 13,000 kilometers of transmission lines and more than 300 substations.
- AltaLink delivers top decile safety performance.
- In 2018, AltaLink invested \$340 million in capital assets to ensure the continued reliability of Alberta’s transmission system.
- AltaLink is constantly improving its system reliability for customers. During 2018, the company delivered its best ever performance in reducing the average outage duration for customers.

### CUSTOMER SERVICE

- In 2018, more than 96% of AltaLink’s customers reported they were satisfied with the company’s service.
- AltaLink delivered the first step of its commitment to customers to keep rates flat for the next five years, filing its General Tariff Application with no increases through 2021.
