

JUST THE **FACTS**

BHE U.S. TRANSMISSION

RELIABLE TRANSMISSION SOLUTIONS

- BHE U.S. Transmission provides cost-effective, reliable transmission solutions for wholesale customers.
- BHE U.S. Transmission, along with subsidiaries of American Electric Power Company, indirectly owns a 50% interest in Electric Transmission Texas, which owns and operates electric transmission assets in the Electric Reliability Council of Texas.
- BHE U.S. Transmission indirectly owns a 25% interest in the Prairie Wind Transmission project in Kansas.
- BHE U.S. Transmission owns a 20% interest in Grid Assurance LLC, an industry-led solution to mitigate and respond to emerging risks facing the transmission system.
- In 2014, BHE U.S. Transmission formed TransCanyon LLC, a joint venture with Bright Canyon Energy, a subsidiary of Pinnacle West Capital Corporation. TransCanyon is developing the 214-mile 500-kV Cross-Tie transmission line from the Clover Substation in Mona, Utah, to the Robinson Summit Substation near Ely, Nevada.

OPERATIONAL EXCELLENCE

- In 2018, BHE U.S. Transmission, American Electric Power and FirstEnergy launched Grid Assurance, LLC, a grid recovery solution to help improve the resilience of the electric grid by providing its customers with ready access to securely-stored spare equipment.
- BHE U.S. Transmission owns the U.S. portion of the Montana Alberta Tie Line, a 214-mile cross-border transmission intertie between Montana and Alberta, Canada.
